GREENVIEW FARMS

*Auction Sale
of
Scotch Shorthorn Cattle*

Greenview Farms

Scotch Shorthorns

Second Annual Sale

Friday, March 30, 1945

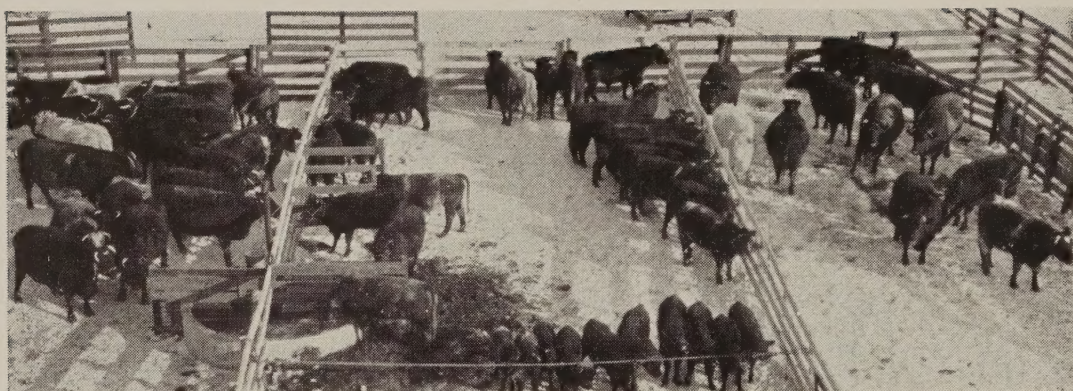

Greenview, Illinois

This dispersion sale will be held in tent on the Greenview Farm which is well equipped to provide for the comfort of guests in any kind of weather. Lunch will be served. To reach the farm, which is located on a splendid year around road, see page 48.

Auctioneer J. E. Halsey, of Wallace's Farmer, Des Moines, Iowa will be assisted by Henry J. Laws, Easton, Illinois; H. P. Miller, Danvers, Illinois and Tom Sherlock of the Chicago Drovers Journal.

RALPH M. AINSWORTH, Owner and Breeder

Mason City, Illinois

Dispersion With Regrets

Now that I have passed the sixty year mile post I find it rather too hard a job to farm 1032 acres of land as owner-operator. When I decided to rent out my Greenview Farm (which is especially equipped to handle pure bred cattle) it became imperative that I dispose of my Shorthorn herd.

This Shorthorn herd of 62 head has not only been the most profitable farming venture I have ever undertaken, but it has also been pleasant and interesting work.

When I had my first auction sale in 1942 I was surprised and pleased when my females went into some of the finest herds in the country. A list of all buyers is given in another part of this catalogue. In this closing out sale I only hope I have the breeding, the quality, and the finish that will warrant my cherry red females going into more of the top herds.

Much of what I have accomplished as a breeder of shorthorn cattle I owe to my neighbor and friend Les Mathers. Les has made dozens of trips to my Greenview Farm to help me with the many interesting details that go with the handling of a pure bred herd. When Les couldn't come he sent his herdsman Mick Tomlin.

Many routine operations that most of you breeders know as well as you know your front hall at home, I had to learn. These worthwhile jobs included selecting bulls to breed out certain faults, keeping bulls in good breeding condition, branding the horns of mature cows, tatooing calves, prevention of scours in calves, creep feeding, winter feeding, providing warm water for suckling calves throughout the winter months, etc.

Last, but by no means least, Les tried to make a cattle judge out of me. In this Les failed through no fault of his own, although he did get me to a point where I won a bet from Hal Longley by picking the grand champion female at a Columbus, Ohio Shorthorn Show.

When I get out of the cattle business Les, Hal, Clint, Jack Halsey and dozens of others who have helped me are going to continue their ways as professional pure bred Shorthorn men whereas I am going another way in retirement. You men will hardly miss me, but on the other hand, I know I am going to miss you. Yes, I am going to have my regrets.

Ralph Ainsworth

An Appraisal by Hal Longley of the Shorthorn World—

The announcement of this complete dispersion will bring to breeders' minds the outstanding collection of thick, blocky red cattle that were produced in this herd and sold by Mr. Ainsworth in the 1942 auction. During the past two years another equally attractive group of calves and yearlings has been developed and these will all be included in this dispersion along with the grand collection of cows that produced them. Indicative of the close culling program that has been practiced in this herd, over a dozen of the older and less reliable cows have been sold for beef during the past year. Proof that they are easy fleshers and of real beef conformation may be gained from the fact that these cows sold for an average of \$162 per head over the scales.

The forty cows and heifers that are left to sell in this dispersion are a uniform lot in color, type and quality, and each is a thoroughly dependable breeding unit. Many of the mature females are daughters of **Leveldale Sentry**, a former herd bull whose get found great favor with buyers in the 1942 sale. All of the younger cattle, including the 16 calves that will go free with their dams, are by the present outstanding herd bull **Leveldale Aspirant** and it should be remembered that he will also be sold in this dispersion. He is 6 years old and is even more impressive in his mature form than when he won top honors at leading shows as a calf and a yearling. His sire was Gainford Marshal and his dam was Leveldale Rosewood, both International Grand champions. The sale of this bull and his blocky, short-legged, dark red calves in this sale will be one of the highlights of the Spring auction season.

With strong Scotch pedigrees backing the entire offering and with the health guarded by 100% Bang's vaccination, this sale provides unusual buying opportunities. Best of all, the owner displays the fullest confidence in his cattle by selling them in this dispersion with complete and reliable breeding guarantees. I am sorry that Ralph Ainsworth is retiring from active participation in purebred Shorthorn affairs. His herd has been maintained on a highly practical basis and his cattle transactions have won him a wide circle of friends.

BEFORE WE STARTED WINTER FEEDING

Three Outstanding Herd Bulls—

LEVELDALE ASPIRANT

I got my start as a Shorthorn breeder when Les Mathers located a well-bred, registered herd for me which had to be sold to settle up an estate. This herd included 29 head, 20 of which were deep cherry reds. With the herd went Grove Park Royal Hope bred by J. Brown Hitt of New Berlin, Illinois. Many considered my first herd bull the most beautiful bull I have ever owned. He sired nearly 100 calves.

In my desire to improve my herd I added Mathers Brothers' Leveldale Sentry which was untried until used in my herd. I consider Leveldale Sentry one of the greatest Shorthorn bulls that has ever headed a herd in Central Illinois. He has implanted unusual uniformity in his offspring in both type and color.

It was my good fortune to purchase Leveldale Aspirant at Mathers Brothers' 1940 sale. Except for two bulls of my own raising, Chief Aspirant 2nd and Chief Aspirant 3rd, Leveldale Aspirant has been used exclusively in my herd since then.

Leveldale Aspirant took 1st premium at the Indiana State Fair 1940, 2nd premium Illinois State Fair 1940, 2nd premium Kentucky State Fair 1940, 2nd premium American Royal Livestock Show 1940, 4th premium International Livestock Exposition 1940, and 2nd premium Fort Worth, Texas. He also has the almost unique distinction in that his sire Gainsford Marshal 1804097 and his dam Leveldale Rosewood 1772223 were both International Grand Champions.

(Concluded on page 20)

LEVELDALE ASPIRANT'S GET

Leveldale Aspirant is the sire of thirty bulls, cows and calves that will be offered in this sale, and many other mature females in the sale are settled to his service.

LEVELDALE ASPIRANT 1946676

Roan, calved July 8, 1938. Bred by Mathers Bros., Mason City, Ill.; owned by Ralph M. Ainsworth, Mason City, Ill.

These Big Cows Went To Market—

My herd has been so closely culled that every mature cow in this sale is one that I would want to retain in my herd if I were to continue in business.

Prospective buyers may be interested in my reason for shipping certain individuals to the Producers Peoria market in the past four months for which I received an average price on the market of \$162.00 a head.

Sittyton Modesty 3rd 1932752 went 14 months without getting with calf.
Rosy Knight 4th 2123323, bad disposition.

60th Duchess of Gloster 1996443. Hurt back when she slipped down ditch bank.

Clippers Jilt 2nd 2033953. Unable to get settled.

Sittyton Modesty 2nd 1714200. A fine cow whose best days were over.

Nonpareil Queen 32nd 1978173. Calf born dead in October.

Calrossie's Juno 2nd 1978118. After producing some very fine calves, did not give sufficient supply of milk.

Graceful Darling 2641309. Not enough milk to give calves good start.

Menard Queen 2025195. Calves legs were too long.

Nonpareil Queen 15th 1867494. Another fine cow whose best days were over.

Mercury's Queen 2nd 2023386. Unable to get settled. Sold on market for \$221.12.

Nonpareil Queen 44th. Not enough quality. Below average of herd.

Nonpareil Queen 19th 1867498. A fine producer that went lame.

Nonpareil Queen 16th 1867495. Too much age. No longer a dependable producer.

Commodore's War Lady 1978377. A poor breeder. Calves below average.

Greenview Modesty 2nd 2123318. Not a dependable breeder.

Rosy Knight 1799269. Too old.

Nonpareil Queen 38th 2023392. Not a dependable breeder.

It will be apparent to all who read the above that we have retained for our permanent breeding herd only those females that lived up to certain rigid qualifications. Only females of utmost dependability are left for this dispersion.

VACCINATED FOR BANG'S DISEASE

In February 1943 I had my first definite case of contagious abortion. As a result the herd was all tested and all females vaccinated that were over four months of age. Since then all female calves in the herd have been vaccinated between four and six months of age. There is not a cow in this sale that has lost a calf at birth from any cause since October 30, 1943. There has never been any "flare up" of abortion in my herd. What little abortion I have had has always been static. This is a very prolific herd. We had the largest 1944 fall and 1945 winter calf crop we have ever raised.

THE PROGENY OF DAMS

In place of the customary footnotes I am listing the pedigreed calves of each cow in the herd since I came in possession of the herd in 1939. In a number of cases you will note "club bull calf." This is not any reflection on the quality of these calves. I was very much interested in club calf work and in my earlier days of breeding shorthorn cattle, I made it a policy of taking care of all demands for club calves from neighboring farm boys.

This beautiful short legged cow was purchased at Mathers 1940 sale. A glance at the pedigree will show that the breeding is hard to beat. She is also the dam of Chief Aspirant 3rd one of the best herd bulls ever raised in Illinois.

Chief Royal 5th	Calved Oct. 10, 1944

GROUP PHOTOGRAPHS

All of the group photographs in this catalogue except at the bottom of page five are my own amatuer efforts. With the exception of those tied to the rope no cattle were arranged for the pictures. Those in the dim background carry the same quality as those in the foreground. The pictures were taken when convenient and I will ask my friends and patrons to overlook the feed lot dirt and careless grouping of cattle.

THREE OUTSTANDING HERD BULLS

(Continued from page four)

No calves had been sired by Leveldale Aspirant at the time I purchased him in November 1940, otherwise he would have cost me much more than the \$1,150 I paid at the sale. His calves were the sensation of the 1941 Mathers Brothers' sale. Eight of his calves sold for an average of \$725.00, being \$180.00 above the general average of the sale. The Leveldale Aspirant bull calf sold to the Ohio State University at \$2,050 and the top heifer to E. M. Sims, Elkhart, Indiana at \$1500.

**WILL SELL FREE WITH DAMS UNLESS SELF-WEANED
BEFORE SALE DAY**

These Bulls by Leveldale Aspirant are Easy to Handle—

Aspirant Challenger is my choice of the bulls in this lot.

These blocky, short-legged bulls have made the best growth of any calves I have ever raised. No nurse cows needed but had plenty of clover pasture in full bloom.

Everyone A Satisfied Customer—

Forty-four lots were sold in my 1942 sale. Two heifers that later proved to be open were advertised as "safe in calf to Leveldale Aspirant." After making good the above overstatement every purchaser became a satisfied customer. Those who made purchases at my first auction sale are listed alphabetically as follows:

L. I. Anderson, Middletown, Ill., Lot 8
Anthony A. Budreau, Fowler, Ind., Lot 6
Jesse Baker & Son, Streator, Ill., Lot 23
Ulys Budreau, Fowler, Ind., Lots 28, 32
Bower & McCoy, Elmwood, Ill., Lot 33
Ralph W. Bivin, Waverly, Ill., Lot 43
L. D. Carmichael & Son, Rochelle, Ill., Lot 2
Wm. J. Cleary, Gridley, Ill., Lots 9, 16
Otis A. Carter, Eldorado, Ill., Lots 22, 28, 30
Wm. Freetag, Minier, Ill., Lots 15, 26
Tom Held Lacon, Ill., Lot 1
E. H. House, Payson, Ill., Lot 5
F. W. Harding, Waukesha, Wisc., Lot 13
J. B. Hitt, New Berlin, Ill., Lots 18, 21, 44, 36
B. G. Harris, Earlham, Iowa, Lot 25
John A. Johnson, Owaneco, Ill., Lot 3
Walter Kloppe, New Berlin, Ill., Lot 7
Lee Roy Kittle, Mason City, Ill., Lot 31
Ben J. Kallal, Jerseyville, Ill., Lot 37
Mathers Bros., Mason City, Ill., Lot 12
Marrs & Jones, Dyer, Tenn., Lots 14, 17, 39, 40
Roy Rush, Mason City, Ill., Lot 19
Fred L. Reynolds, Weldon, Ill., Lots 41, 42
A. C. Schall & Son, Colmar, Ill., Lot 4
Shanmore Farms, Marshall, Ill., Lots 20, 27
Wm. Velde, New Holland, Ill., Lot 10
Wieber Bros., Lincoln, Ill., Lot 11
Walter Bros., Grand Ridge, Ill., Lots 24, 35
Dale Wilcox, Waverly, Ill., Lot 34

YOU SHOULD KNOW WHAT YOU ARE GETTING

Weight and quality of meat are prime factors in beef cattle. Therefore I will post on a bulletin board in one of my cattle barns the weight of all animals on the third day before the sale. I have listed the pedigreed calves each cow has produced. I did this as a guide to buyers. I also intended to show the result of Bang's test in this catalogue for each individual in the sale. I found it impossible to put this information in the catalogue before going to press. Therefore the results of Bang's test will be shown on a bulletin board. If there are any bull calves advertised in this catalogue that prove to be reactors they will be castrated and sold as steers in sale.

In a vaccinated herd of this size there are bound to be reactors. These will be sold in sale because this is a dispersal sale. Any reactor should go only into vaccinated herds that have reactors. The big majority will be negative and can go into any herd in the state and into most surrounding states. Every mature cow in this sale is a dependable breeder and a real quality cow. Furthermore the calves at side are real quality calves.

Pasture To Rent to Owners of Shorthorn Cattle

Although I am renting out my Greenview Farm I will not give up possession until after I harvest the 1945 crops. I will, therefore, have an abundance of pasture with no stock to utilize it.

On the Greenview farm I will have 193 acres of as fine prairie pasture as can be found anywhere. I have always had a large part of my farm in rotation pasture as a part of my soil building program.

The pasture fields are exceptionally well fenced. The fields consist of the following arrangements:

39 acres of blue grass and 24 acres of alfalfa pasture with a running stream and ample shade next to ditch bank.

50 acres of sweet clover and red clover mixed, with shade, two concrete tanks and a windmill.

20 acres of blue grass and 40 acres of red clover and sweet clover with windmill, two concrete tanks and ample straw shed shade.

30 acres of red clover with windmill and two concrete tanks without shade.

20 acres of blue grass and ample shade next to running stream. None of my pasture is timber pasture. It's in all level prairie pasture.

Cattle will be taken into this pasture under the following conditions: All must be pure bred vaccinated female shorthorns, horn branded or with chain tags that can be identified forty feet away. Not less than ten head will be accepted from any one person or group. I want enough cattle from each owner so that he will feel that it will pay him to look his herd over at least once a week.

I assume no responsibility for cattle that stray or are stolen or if gates are left open. I do obligate myself to count all cattle once a week, observe them several times a week, and furnish them with plenty of salt and water. To supply this water on my Greenview Farm I have ten concrete tanks, four windmills and two power pumps. The water supply is inexhaustable. No males will be permitted in the herd unless a whole pasture is rented to one party. The price for this excellent pasture is one dollar a head a month or fraction thereof. The owner may feel free to take his cattle off at any time in which case he will be charged only for the time the cattle are on pasture. He may wait until his own pasture is short and use this pasture only during the dry summer months. I have always had so much pasture that regardless of dry weather my herd of seventy-five to one hundred head have had knee-high pasture throughout the driest summer months.

I will not cut any hay from these pastures this summer, but will turn under all growth in the late fall months for the benefit of the tenants that succeed me in the operation of this farm.

In Mason County I will have fifty acres of prairie land blue grass and red clover with ample shade and water. Owners may turn as few as three head in this pasture which will have the service of my beautiful dark cherry-red bull, Chief Aspirant 2nd. This is the only Shorthorn I am retaining. The rent on this pasture is ten dollars for the first month after which the charge will be one dollar a month.

TRUCKS

I will make every effort possible to have trucks available on the day of the sale to deliver cattle to buyers' destinations. On March 1st I had three trucks engaged and hope to have many more by sale date.

Any cattle purchased at my sale can be left on the farm at the buyer's risk for an indefinite period for which charges will be made as specified above.

Terms and Conditions

Sale will start promptly at 12:30 o'clock, March 30th.

LOCATION—The sale will be held on the Greenview Farm on Friday, March 30, 1945. This farm is ten miles south of Mr. Ainsworth's home in Mason City, Illinois

To reach the farm take Illinois Route 29 (Peoria Springfield Road) and continue south of Mason City $8\frac{3}{4}$ miles or north of Greenview one and one-half miles. Turn east off paved highway at abandoned country school house. Continue east one mile on oiled road then north three-fourths mile on gravel road then east up gravel lane to house.

TERMS—The terms of the sale are cash. Settlements are to be made with the clerk of the sale immediately after the conclusion of the auction. All stock will be at buyer's risk as soon as bid off. We will attend to loading on trucks in compliance with instructions from purchasers.

GUARANTEE—Females in calf, or with calf at foot, are considered breeders without further guarantee. All other cows and all heifers over sixteen months old at time of sale are guaranteed to be breeders. Any females returned for credit must be delivered at buyer's expense to my East Farm and unloaded at chute at Ainsworth Seed Company's plant which is one mile east of Mason City, Illinois. Any bulls that should not prove to be breeders should be returned to my Greenview Farm.

In making an adjustment for any female returned because of failure to meet the above guarantee, the buyer agrees to make good any loss in market value as a result of loss in weight etc. For example:—If a cow sells in sale for \$300 and has a market value of \$175 on date of sale, but when returned it has a market value of only \$150.00 then the purchaser would be refunded only \$275., and not \$300. If there is a market gain the purchaser would be given advantage of the gain on any cattle returned that did not meet the guarantee. The above guarantee is void after October 1, 1945. All cattle will be weighed before sale day.

All cattle are sold subject to a sixty day retest for tuberculosis and health certificates will be furnished to enable them to be shipped. Bulls are guaranteed breeders if properly cared for and not allowed to run with the herd. If a bull fails to breed, he may be returned to the seller, if in as good condition as when bought and if after a test in the seller's herd he still fails to breed the full purchase price will be refunded.

The herd bull **Leveldale Aspirant** carries a special guarantee of satisfaction as a breeder.

The above guarantee and terms shall constitute a contract between the seller and the buyer of each lot.

A certificate of registry and a signed transfer will be furnished for each lot sold and an application for registry will be furnished for each calf sold at foot and for each unborn calf sold in dam.

All animals in this sale have been tested for tuberculosis and Bang's Disease and health charts will be provided.

We will not be responsible for any accidents that may occur, but will make every effort to provide for the safety and comfort of our guests.

LUNCH—Will be served by the ladies of the Mason City Presbyterian Church.

RALPH M. AINSWORTH, Owner and Breeder
Mason City, Illinois

MAIL BIDS—Those wishing to buy at this sale who cannot be present may send their bids to Hal Longley of the Shorthorn World, J. E. Halsey of Wallaces' Farmer, L. E. Mathers, Mason City, Illinois or Clinton K. Tomson, Secretary American Shorthorn Breeders Association.

*You are Cordially
invited to inspect this
herd before sale date*
